The Battle of Glorieta Pass

In March of 1862, Confederate and Union forces fought what was to become known as the “Gettysburg of the West”. Fought at Glorieta Pass in the Sangre de Cristo Mountains of New Mexico, part of the area that is now known as Pecos National Historic Park, the battle was a decisive victory for the Union Army and caused the halt of Confederate troops in their invasion of the West.

NaturalPAVE XL[®] Resin Pavement™, similar to hot mix asphalt, is a surface course pavement material that is reliant on the workmanship of the pavement contractor during placement operations and on the strength and stability of the base course and underlying layers upon which it is constructed. SSPCo is a supplier of pavement materials only and not a contractor, engineer, installer, or construction inspector.
